“With the 2019 edition, Arte Fiera is embarking on a multi-faceted journey of renewal, from the graphic design to the public program, remaining steadfast to its Italian identity whilst obtaining international quality standards. It will take full advantage of its impressive modern and post-war art heritage but will also extend its gaze to include contemporary trends. It will reinforce the event’s links with Bologna and the region.”

Simone Menegoi, Artistic Director of Arte Fiera

The 2019 edition of Arte Fiera, organised by BolognaFiere from February 1-4, introduces a **new criterion** for participation: the galleries have been invited to present a highly select choice of artists (no more than three for the small and medium stands, and a maximum of six for the largest stands). What’s more, there are significant incentives for monographic stands.

The sense of this approach is clear: to prioritise specialization and a more detailed perspective, encouraging the galleries to present ambitious projects and a curatorial selection. The response from the exhibitors has been wholly positive, beginning with the fact that around a third of the participating galleries (about 50 or so) will be presenting monographic stands, and these range from Modern artists to emerging talents.

In order to support this new approach there will be a campaign of targeted invitations to high profile collectors and new initiatives reserved for VIPs.

This year, the following prizes will be awarded:

Mediolanum Award for Painting

Annamaria and Antonio Maccaferri Photography Award

The "Arte e Progetto" Award, Jacobacci & Partners

#ContemporaryYoung Award

ANGAMC Career Award

Rotary Award Bologna Valle del Samoggia

PUBLIC PROGRAM

The artistic direction of Simone Menegoi brings to Arte Fiera, in addition to a handpicked selection of galleries in the **Main Section** and the **Photography and Moving Images** section, five substantial projects.

The first, in pavilion 26, will be exhibiting some of the local area's artistic treasures: the exhibition ***Solo figura e sfondo***, curated by **Davide Ferri**, brings together for the first time works from institutional, public and private collections in Bologna and the Emilia-Romagna Region. This is the first instalment of a series that will have the overall title ***Courtesy Emilia-Romagna***.

The second, ***Oplà. Performing activities*** curated by **Silvia Fanti**, is a programme of actions that take place at the Fair, on its fringes and in the city and includes works by Italian artists of international renown: **Alex Cecchetti, Cristian Chironi, Cesare Pietroiusti and Nico Vascellari**.

The third project is dedicated to the formative role of art for young people: for the first time the educational workshop ***micro//macro*** will be set up at Arte Fiera connected to the theme of "Art and Science" by the **Fondazione Golinelli**.

The fourth project is a programme of **talks** entrusted to the magazine **Flash Art**, which is set to become "content partner" of Arte Fiera. The conversations will focus on art in Italy today, on its links with the past and its potential for the future.

The fifth project, finally, will be the first to welcome visitors. The entrance area will host a lounge created by the artist **Flavio Favelli** and dedicated to the visiting public of Arte Fiera. The space, named ***Hic et Nunc***, will be structured as a museum hall hosting two main artworks and will be dedicated to the entire Arte Fiera audience.

ART CITY BOLOGNA

The 2019 edition of **ART CITY Bologna**, the institutional programme of exhibitions, events and special initiatives promoted by the Bologna City Council in collaboration with BolognaFiere on the occasion of Arte Fiera, is due to take place February 1-3.

Coordinated by the Modern and Contemporary Art division of the **Bologna Museums Institution**, for the second consecutive year ART CITY Bologna will take place under the guidance of **Lorenzo Balbi**, artistic director of **MAMbo - Bologna Museum of Modern Art**, with the aim of developing a high profile cultural programme to accompany the Arte Fiera event.

The main new feature of this edition of ART CITY Bologna will be its extended duration. The nucleus of the three days of the weekend of the Fair, in fact, will be extended to become a fully-fledged art week that, beginning from 25 January will create a calendar of events in the run up to the opening of Arte Fiera on 1 February.

In the name of continuity, the format trialled successfully last year will be repeated. This involved a main programme organised into a **special event and a series of curatorial projects**, such as exhibitions, installations and performances, all of which will present a most varied selection of forms of contemporary artistic expression.

ART CITY Bologna will include, moreover, the section **ART CITY Segnala**, which is set to involve more than 70 events selected by a commission of art directors from ART CITY Bologna and Arte Fiera, in addition to a representative of the Bologna Council's Department of Culture and the Promotion of the City.
