Arte Fiera 2020 Main Section

The **Main Section** repeats the innovative model launched last year, characterised by the quality and artistic consistency of the stands. This year as well, galleries have been requested to present a limited number of artists: a maximum of 3 for medium-size stands and a maximum of 6 for larger ones. The only exception – one of the new features of the 2020 edition – is that the limit of 6 artists may be exceeded in case of a curatorial project devoted to a 20th century group, movement, or artistic trend.

In addition, as in the 2019 edition, a large percentage of galleries will present a single artist, as requested by the Fair. This strong presence of single-artist stands, with in-depth presentations of Italian or foreign works (by both young artists and celebrated masters), is one of the key elements of Simone Menegoi's direction.

The **Main Section**, with **108** galleries, ranges from Modern and Italian post-war art (Arte Fiera's traditional strong points) to contemporary art research.
